ZOOM BLACK MID  
635030

SLIDE GREY/GREEN LOW  
654010

### MOTION PWR SOLE

The MOTION PWR sole is the centerpiece of our new and athletic PUMA safety footwear line. The PWR.FOAM® midsole, our latest high-quality performance foam technology, delivers maximum responsiveness at a featherlight weight. Heat-resistant up to 300°C, the various tread zones in our outsole ensure optimum grip.

### DISC

The original PUMA DISC lacing system. Press, turn and the shoe sits perfectly on the foot. The precisely adjustable twist lock of the PUMA DISC lacing system is as simple as it is ingenious.

### PWR.FOAM®

The latest innovation from top-level competitive running, engineered and evolved for the safety shoe sector. Our advanced manufacturing process transforms the PWR.BEADS® into a super-lightweight, permanently elastic outsole with outstanding and long-lasting energy return of up to 70%.

### EVERCUSHION® MMT FOOTBED

With its specially developed, lightweight and particularly open-pored foam, the evercushion® MMT footbed is equipped with superior moisture management (Moisture Management Technology – MMT). It delivers extreme cushioning, eases the strain on joints and muscles and is breathable. The non-slip textile lining keeps the shoe perfectly positioned in the shoe.
